# V4280I-U3 / V4280I-U3

## 42" Touch Display

The V4280I-U3 is a high-performance, large-format display integrated with infrared (multi-touch) technology. It is ideal in applications that require multi-touch functionality, such as board rooms and classrooms. Its integrated temperature sensors and fans ensure the longevity of the display in such environments. It also features built-in speakers, an Open Pluggable Specification (OPS)-compliant slot, and LED backlighting. The display is offered as a dual-touch (V4280I-U3x2) or multi-touch (V4280I-U3) solution. The multi-touch display has six touch points and is Windows 8 ready.
